To Whom It May Concern,

The Burlington County Board of Chosen Freeholders wishes to thank and commend Commercial Utility Consultants for all of their efforts to make the Burlington County Energy Aggregation Program a success. Throughout this process, the CUC team was hands-on and attentive to every detail as we rolled out this cost-saving initiative to our residents.

The folks at Commercial Utility Consultants scheduled, organized, and led 25 public presentations throughout our County in order to effectively educate the public about our program and the savings they would receive.

At all times they were tremendously professional and responsive, providing technical and professional support and expertise.

The Burlington County Energy Aggregation Program is part of our long-standing effort to make Burlington County more affordable for all of our residents, and partnering with CUC in that effort has truly been a pleasure.

Sincerely,

Bruce Garganio  
Burlington County Freeholder Director
