

## MONMOUTH-OCEAN AREA ENERGY COOPERATIVE

April 1, 2019

Dear Point Pleasant Beach Resident,

I am proud to write to you today to share good news about the Monmouth-Ocean Area Energy Cooperative. The Borough of Point Pleasant Beach has opted to participate in this state-authorized Community Energy Aggregation Program designed to offer you and your neighbors reduced rates on your electric bills. This program is the same one that we participated in in the past.

**The bottom line is that when we all purchase energy together as a community, we are able to access lower, more stable rates.**

**Community Aggregation is very different than other third party supply contracts and offers protections to you that individual contracts may not offer:**

**The rate is a flat rate that will be the same from month to month.**

**The ability to leave the program at ANY TIME.**

**NO penalties or fees to leave the program.**

The following pages contain important information explaining the Community Energy Aggregation Program established by the Borough of Point Pleasant Beach to provide lower electric generation rates than you would currently pay with JCP&L. We are pleased to offer this program for your electric supply!

The following pages provide important program information, and you can visit [www.njaggregation.us/MOAEC](http://www.njaggregation.us/MOAEC) to view an informational video about the program. You can also call our energy consultants at Commercial Utility Consultants at (855) 200-2648 with your questions or if you received this letter in error.

We have scheduled public information sessions so that everyone can learn more about the program. Meetings will be held at 416 New Jersey Avenue, Point Pleasant Beach on April 17, 2019 at 4pm and 6pm. If you can't join us at one of the sessions, an informational video has been posted on the program's website at [www.njaggregation.us/MOAEC](http://www.njaggregation.us/MOAEC).

Sincerely,

Mayor & Council

Borough of Point Pleasant Beach

## THINGS YOU SHOULD KNOW ABOUT COMMUNITY ENERGY AGGREGATION

**All current services** such as delivery, meter readings, billing, payments, emergency services, etc., are serviced through JCP&L, just as they are today.

**This program offers the reduced rate versus JCP&L's current price to compare on the supply portion of your electric bill.** You will still be billed for consumption (delivery) charges from JCP&L, just as you are today.

**The rate offered is a flat, non-variable rate that will be the same from month to month.** The program offers protections for residents that are not always available to individuals looking to obtain a third party supplier's contracted rate.

**Budget billing will be offered.** If you are currently enrolled in a budget bill plan with JCP&L, the program's supplier will start a budget bill plan for you. In addition, anyone wishing to enroll in a budget plan through the program may also elect to do so. Please see the budget bill page included in this packet for more information.

**There are no fees for participation in the program.** You may choose to join or leave the program at any time, as often as you wish, for the duration of the program at no cost. You will never be charged fees or incur penalties, even after the initial 30-day response period.

**You will continue to call JCP&L for service-related questions and outages.** For outages, you will still call JCP&L at (888) 544-4877, and for billing-related questions, you can call JCP&L at (888) 544-4877 or IDT Energy, Inc. at (855) 823-9309.

**No one will be calling or knocking on your door regarding this program.** All information regarding this program is mailed through the US Postal Service and will be posted on the program's website at [www.njaggregation.us/MOAEC](http://www.njaggregation.us/MOAEC). Please be wary of anyone trying to obtain or discuss your account information otherwise.

**We're all in this together.** We know municipal energy issues like this can sometimes be a bit technical and perhaps even boring. Please keep in mind that this is something your neighbors and people across Monmouth and Ocean Counties have done as well. We believe it will result, as it has in other communities, in a positive outcome and savings versus the utility price-to-compare for our community and our residents.

Please contact a Commercial Utility Consultants customer care agent at (855) 200-2648 with questions.

## **BUDGET BILL INFORMATION**

**For those residents who are on a budget bill program through JCP&L, please review the information provided on this page.**

- If you are currently on Budget Billing with JCP&L, you will automatically be offered a budget bill with this program through IDT Energy, Inc.
- Prior to entering the program, you will receive a reconciliation or “true up” bill from JCP&L. This is to bring your account to zero prior to entering the energy aggregation program.
- The reconciliation amount may be substantial, depending on how much you are over or under on the budgeted amount, and this reconciliation may come as a charge or a credit on your bill.
- This new budget amount will be based on your most current usage history for the last 12 months. Every six (6) months in the program, IDT Energy will conduct an adjustment to your monthly budget amount to ensure your budget amount is in line with your actual usage.
- After 3 months with the program, IDT Energy will conduct a reconciliation or “true up” to keep the amount of money owed to or by you at a manageable level.
- **If you choose to leave the program**, you will be provided another reconciliation or “true up” which will bring your account to \$0 prior to leaving the program.
- If a new rate is not offered to the program participants at the end of this initial contract term, you will receive a reconciliation or “true up” bill on the last bill. Just as above, this will zero out your account prior to returning to JCP&L. The resulting credit or charges *may* be substantial if your usage is significantly lower or higher than the prior year.
- Any resulting reconciliation charge or “true up” amount represents your usage over and above the amount you were budgeted for and is not for “extra charges”.
- If you have a credit against your budgeted amount, meaning you used less energy than budgeted for, your credit will be applied to any future charges on your bill.

**WE ENCOURAGE YOU TO TRACK YOUR USAGE VERSUS YOUR BUDGETED AMOUNT SO YOU CAN STAY CURRENT ON YOUR USAGE AND CHARGES.**

Please contact a Commercial Utility Consultants customer care agent at (855) 200-2648 with questions.

## FREQUENTLY ASKED QUESTIONS

**What is the Monmouth-Ocean Area Energy Cooperative (MOAEC)?** Municipalities have the ability to pool the usage of all their residents in order to obtain a lower energy supply rate than what the utility company is currently charging.

**Who authorized the MOAEC Program?** The program's Energy Agents, Commercial Utility Consultants, Inc., and Concord Energy Services, Inc., must follow all statutory guidelines implemented by the NJ Board of Public Utilities, which has enforcement authority over Aggregation programs in New Jersey. Key documents were provided to the NJ Board of Public Utilities and the Division of Rate Counsel staff for review and comment during the process.

**Is my municipality the only one in an Energy Aggregation Program?** No, your municipality chose to participate in this program, as have dozens of others throughout New Jersey, in order to maximize buying power to obtain better rates for their residents.

**What information will I receive about the program?** Aside from public meetings, you will receive at least two letters: one is your official opt-out letter (included in this packet) which provides details including the program rate, term, chosen supplier and the deadline for opting out; and the second is a confirmation letter from JCP&L stating that you elected to switch electricity suppliers and the date on which your account will be switched over. Note that this second letter is a form letter stating you have chosen to switch, even though the program was chosen by your municipality as a benefit to you.

**Are Commercial Utility Consultants (CUC) and Concord Energy Services (CES) energy suppliers?** No. They are independent consultants that work with all of the energy suppliers licensed by the Board of Public Utilities to do business in New Jersey. CUC and CES obtain the energy contract and work through the process to put the energy aggregation program in place for your municipality.

**Do I have to be enrolled in this program?** No. You can choose not to participate by going to [www.njaggregation.us/MOAEC](http://www.njaggregation.us/MOAEC), by calling (877) 292-3904 or by returning the enclosed response card.

**Will I be penalized if I do not become a part of the program?** No. If you do not want to be a part of our program, you are free to stay with your current utility or choose your own Third Party Supplier. There will never be a fee or penalty associated with participation or non-participation in this program.

**Am I going to have to pay more than one bill each month if I am a part of this program?** No. You will continue to pay one bill each month directly to JCP&L, just as you always have.

**If I have solar panels, can I be a part of this program?** At this time, suppliers are not able to process the net metering portion of solar credits, and we recommend that you opt-out of the program to avoid losing your credits.

**If I am currently in a contract with a Third Party Supplier, can I be a part of this program?** If you are currently under contract with a Third Party Supplier, you will **not** be automatically enrolled in the Energy Aggregation Program. We recommend that you wait for your current contract term to expire and then enroll in the Energy Aggregation Program by calling our energy consultants at 855-200-2648.

**Who will read my meter now?** JCP&L will still be reading your meter.

**Can my information be sold to advertisers or energy companies?** No. Your information, including your account number, is confidential and can only be used to set up the municipality's program.

Please contact a Commercial Utility Consultants customer care agent at (855) 200-2648 with questions.

## MONMOUTH-OCEAN AREA ENERGY COOPERATIVE

April 1, 2019

Dear Point Pleasant Beach Resident:

Recently the Borough of Point Pleasant Beach took advantage of a state law that allows us to establish a Community Energy Aggregation Program. For municipalities that choose to participate, this program permits the aggregation of all residential customers within participating municipalities for the purpose of competitively purchasing electricity at rates lower than are currently available from your electric utility. The Borough of Point Pleasant Beach, along with four other municipalities, combined the electricity consumption of their residents' electric accounts and received competitive bids from third party suppliers licensed by the New Jersey Board of Public Utilities to provide this electricity supply service and secured better rates for our residents.

**How the Program Works:** We obtained a rate that is lower than what JCP&L currently charges for the energy supply portion of your bill.<sup>1</sup> This program offers a flat rate and is designed to offer a reduced rate without the risk of rate increases, unlike other variable Third Party Supply (TPS) contracts. This means the rate will remain the same for the term of the contract.

**Electricity Auction Results:** The auction results are **\$0.0886/kWh** offered by IDT Energy, Inc., as compared to JCP&L's prevailing Price-to-Compare rate at the time of auction of \$0.102558/kWh. This rate will go into effect on your **June 2019** meter read date and will continue through your **November 2019** meter read date. You can compare your cost through the program to the rate being charged by JCP&L as follows: If your monthly electric usage at the time of auction was 700/kWh, your supply portion charges under this program would have been \$62.02, versus \$71.79 that you would have paid through JCP&L's default rate. While the program rate remains the same from month to month, JCP&L's rate fluctuates. JCP&L notes the amount that you would have paid through their default service rate on your monthly bill along with your charges through the program. Your supply charges through the program will appear for the first time on your July 2019 electric bill.

**JCP&L will continue to deliver your electricity, and you will be billed at the regulated delivery rate.** JCP&L will continue to provide all emergency and safety services. JCP&L will also continue to provide customer services such as meter reading, billing<sup>2</sup> and service restoration. You will continue to receive one bill each month from JCP&L, and you will continue to pay JCP&L.

As a residential electric customer who has not chosen a Third Party Supplier (TPS) for your electric supply, in accordance with the State's program requirements, as a Point Pleasant Beach resident you will be automatically enrolled in the program unless you opt-out by **5/1/2019**. Once enrolled, **you may leave at any time. You will never incur any fees for joining or leaving the program.**<sup>3</sup> You can opt-out by completing and mailing the enclosed response card by **5/1/2019**. **You may also call (877) 292-3904 toll free to opt-out** (note that wait times may be longer during high call time periods; please have your bill handy) **or visit [www.njaggregation.us/MOAEAC](http://www.njaggregation.us/MOAEAC)**. **For all other questions and more detailed information, or if you received this letter in error, call toll free at (855) 200-2648.**

<sup>1</sup> JCP&L rates may increase or decrease during the course of this program, which would affect the anticipated level of customer savings. Savings cannot be guaranteed over the term of the agreement. JCP&L charges can change quarterly and are posted on the web.

<sup>2</sup> Other billing arrangements may apply for customers who do not remain current with their bills.

<sup>3</sup> Leaving the program is subject to the timing of meter readings and typically takes 1-2 full meter read cycles,

# IDT Energy, Inc. (IDTE) Third Party Supplier Contract Summary

## MONMOUTH-OCEAN AREA ENERGY COOPERATIVE - MUNICIPAL AGGREGATION PROGRAM PARTICIPANTS

<p><b>Third Party Supplier Information</b></p> <p>By entering into this contract, you are agreeing to purchase your electric supply from this supplier</p>	<p>State of New Jersey License Number: <b>ESL-0081 (Electric), GSL-0090 (Gas)</b>  <b>IDT Energy, Inc., 520 Broad Street, Newark, NJ 07102</b>  <b>855-823-9309 - <a href="mailto:contactus@idtenergy.com">contactus@idtenergy.com</a> - <a href="http://www.IDTEnergy.com">www.IDTEnergy.com</a></b></p> <p>You have chosen IDTE as your third party supplier (TPS). IDTE is not affiliated with your electric distribution company (EDC). IDTE is responsible for the electric supply charges on your bill. These charges will appear on your EDC's bill separate and apart from your EDC's charges for delivering your electricity.</p>
<p><b>Price Structure</b></p>	<p>With this Municipal Aggregation Program, your price will be effective starting with your first date of service with IDTE and is a flat rate that will remain the same for all bills issued through your November 2019 Meter Read Date. <sup>1</sup></p>
<p><b>Generation/ Supply Price</b></p>	<p>The supply price you will be charged for the electricity supplied during the Term of the Municipal Aggregation Program will be <b>\$0.0886 per kWh (8.86 cents/kWh)</b>.</p>
<p><b>Statement Regarding Savings</b></p>	<p>The utility's Price to Compare may rise or fall during the term of this agreement so there is no guarantee of savings.</p>
<p><b>Amount of time required to change from TPS back to default service or to another TPS</b></p>	<p>If you choose to cancel service and opt-out of this Municipal Aggregation Program to return to your EDC or switch to another TPS, this change will be effective with the next available cycle date in accordance with your EDC's cycle rules, which takes 1 to 2 billing cycles from the submission of the cancellation request.</p>
<p><b>Incentives</b></p>	<p>N/A</p>
<p><b>Right to Cancel/Rescind</b></p>	<p>This Agreement shall continue until the expiration of the specified term (unless either party provides prior notice of its intent to cancel) and until the EDC completes the termination in accordance with its rules. A customer may opt-out of this Agreement at any time during the 30 calendar days after the postmark on the Opt-Out notice, or at any time over the term of the contract without penalty, by <b>calling 877-292-3904, visiting <a href="http://www.njaggregation.us/MOAEC">www.njaggregation.us/MOAEC</a> or returning the enclosed response card. You may cancel this agreement at any time without penalty.</b></p>
<p><b>Contract Start Date</b></p>	<p>Your account will begin receiving Electric Supply Service from IDTE on the first available billing cycle date, as determined by your EDC, on or after <b>5/31/2019</b>.</p>
<p><b>Contract Term/Length</b></p>	<p>The Term of this Municipal Aggregation Program will end on or about <b>11/30/2019</b>.</p>
<p><b>Cancellation / Termination Fees</b></p>	<p>There are no early termination fees associated with this Municipal Aggregation Program.</p>
<p><b>Renewal Terms</b></p>	<p>At least 30 days prior to the expiration of the Term you will receive notice advising of your renewal options. This notice will inform you if a new rate and term will be available. If no savings can be offered, your account will automatically be returned to the utility as the default provider at the then prevailing rate per kilowatt hour for electricity supply. This will occur upon the first meter read after the expiration of the current Term. You may cancel this Agreement at any time without penalty.</p>
<p><b>Distribution Company Information</b></p>	<p>Your EDC will continue to deliver electric to you, you still make payment to your EDC for this service, and you will still call your EDC in the case of an energy related emergency. You may contact your EDC at the information provided below:</p> <ul style="list-style-type: none"> <li>• JCPL: 1-888-LIGHTSS (544-4877)</li> <li>• ACE: 1800-642-3780</li> </ul>

1. Supplier cannot adjust prices monthly for changed market conditions. Prices can only be adjusted to reflect a Change in Law affecting power prices that will also impact the JCP&L power supply tariff. You will be notified in advance of any such change, and will maintain your ability to opt out.

## IDT Energía, Inc. (IDTE) Resumen del Contrato de Terceros Proveedor

<p><b>Cancelación / Cargos de Terminación</b></p>	<p>No hay cargos de terminación anticipada asociados con este Programa de Agregación Municipal.</p>
<p><b>Términos de Renovación</b></p>	<p>Por lo menos 30 días antes del vencimiento del Término, recibirá un aviso informándole de sus opciones de renovación. Este aviso le informara si habrá una nueva tarifa y término disponible. Si no pueden ofrecer ahorros, su cuenta se devolverá automáticamente a su compañía local de servicios públicos como el proveedor predeterminado a la tarifa vigente por kilovatio por hora para el suministro de electricidad. Esto ocurrirá en la primera lectura de medidor después de la expiración del Término actual. Puede cancelar este Acuerdo en cualquier momento sin penalización.</p>
<p><b>Información de la compañía de distribución</b></p>	<p>Su EDC continuara la distribución de electricidad, usted todavía hace el pago a su EDC por este servicio, y usted todavía llamara a su EDC en el caso de una emergencia relacionada con la energía. Puede comunicarse con su EDC a la siguiente información:</p> <ul style="list-style-type: none"> <li>• JCPL: 1-888-LIGHTSS (544-4877)</li> <li>• ACE: 1800-642-3780</li> </ul>

1. El proveedor no puede ajustar los precios mensualmente por las condiciones del mercado. Los precios solo pueden ajustarse para reflejar un Cambio en Ley que afecte los precios de la energía y que también afectaría la tarifa de suministro de energía de JCP&L. Se le notificara por adelantado de cualquier cambio de este tipo y mantendrá su capacidad de exclusión.
