

Sussex-Warren Area Energy Cooperative (SWAEC) Program Announcement

OCTOBER 2026

Dear Resident,

The Sussex-Warren Area Energy Cooperative (SWAEC) has been saving residents on their electric bills since 2017. Our savings to date totals over \$3.8 million when compared to JCP&L's Basic Generation Service rates. Based on this success, the SWAEC is pleased to announce that the GEA Program's contract Constellation NewEnergy, Inc., is being extended for another 12 months, at the rate of \$0.1499 per kWh (14.99 cents/kWh) through November 30, 2027. This program is a form of group electricity purchasing in which the SWAEC chooses an electricity supplier for the entire community. In this program, JCP&L will continue to distribute your electricity and it will remain your utility, but you will buy your electricity supply through the SWAEC. The new rate, which is lower than what JCP&L is currently offering, takes effect with your December 2026 meter read and will continue through November 30, 2027. You also have the option of having 100% of your electricity derived from renewable sources (like solar and wind).

Great News!

You're about to **pay less for energy** without lifting a finger. **Nothing about your service changes**, except the program name on your bill. **Keep reading** for all the details.

Participating Municipalities in the SWAEC include:

Fredon Township (Lead Agency for the SWAEC), Alpha Borough, Andover Borough, Blairstown Township, Branchville Borough, Green Township, Hardwick Township, Harmony Township, Hope Township, and Oxford Township

Program Options & Pricing: You have three choices: The “Standard” SWAEC Program, the “Green” SWAEC Program, and not participating in the SWAEC and having JCP&L “Basic Generation”.

OPTIONS	1. STANDARD	2. GREEN	3. JCP&L BASIC GENERATION
Renewable Energy Content	Provides the minimum New Jersey renewable energy requirements ¹	Provides renewable energy certificates to match 100% of your electricity requirements.	Provides the minimum New Jersey renewable energy requirements.

Enrollment	AUTOMATIC	Call 844-892-5653 to enroll in Green Option	Call 844-892-5653 to Opt-Out of SWAEC Program

As before, there are never any fees associated with participating in the SWAEC GEA Program. You don't have to do anything to receive the new Standard rate of \$0.1499/kWh. You may choose to discontinue participation in the program by calling 844-892-5653 or online at <https://njaggregation.us/swaec> within 30 days of receipt of this notice. If an opt-out response is not received within 30 days of receipt, then you will continue to be included in the SWAEC GEA Program. As always, you may leave and re-enter the program at any time. If you have any questions about the SWAEC GEA Program, please call the Program's energy consultants at 866-688-5197 or send an email to info@concord-engineering.com.

¹New Jersey minimum renewable energy requirements: EY 2026-2027 = 37.50%; EY 2027-2028 = 37.5%. Each compliance year, or Energy Year (EY) runs from June 1st through the following May 31st.
² If you are eligible for financial assistance for your utility bills, you will continue to receive those benefits as a participant in the SWAEC Program.
